Psn Very Slow Patch Download

Psn Very Slow Patch Download

I never ever saw my Playstation 4 download game updates fast Whenever I purchase a new game, I have to wait for around 2-3 hours to install it.. Seriously, I'm annoyed now Whenever I get a game update of 2GB size, it takes nearly 3-4 hours to download.. The fact is, my Internet is not even slow(pretty fast actually) I have my Xbox 360 and it takes to download same files like on Ps4 for around 30minutes-1 hour.

- 1. warzone patch very slow
- 2. how to fix warzone lag

Does anyone have this problem too and knows how to fix it? Visual studio 2015 patch download.

### warzone patch very slow
